A Message From Patti

Dear friends,

October is National Disability Employment Awareness Month. I would like to take this opportunity to thank all the businesses in the central Illinois area that have hired adults with disabilities to work with them. You are truly supporting the quest for independence of many individuals. Thank you for helping them to become an active part in the community where they live. Our consumers are learning new skills, earning a paycheck, becoming more self-sufficient and are proud of their independence.

We would also like to thank Caterpillar Inc., Rome Industries and several other businesses that provide work for our consumers at our main facility. Over 225 individuals come to work every day, learn work skills, become more self-confident and are working on their independence.

We value the relationships we have with our community partners and thank them for supporting our mission and assisting our individuals to live, work and grow and be valuable members of our community.

Thank you Central Illinois for supporting adults with disabilities!

All the best,

Patti Gratton
